■ Camera Support Stand Setup

- Loosen the top and bottom knobs as shown in the image.

- Stretch out the legs and secure them properly with the help of knobs.

- Insert the feet into the legs and tighten them properly.

NOTE: The stand comes with spiked feet & rubber shoes, that makes it fit to be used on different surfaces with extra stability.

- Adjust the height of the stand by loosening the top and bottom knobs and then tighten it properly.

- Adjust the height of the PTZ-support stand according to your requirement.

- By loosening the telescopic knob, adjust the height of the stand and tighten the knob properly.

NOTE: The support Stand has 3 sections to adjust the height with quick & secure locking knobs. The central main post of the stand is adjustable, through which you can change its height as per your requirement.

- Loosen the ball head's knob and mount it properly on the 5/8" baby pin.

- Properly tighten the knob, as shown in the image.

- Loosen the knob of the ball head and remove it.

NOTE: The Stand has 5/8" baby pin mount on the top to attach the additional camera support accessories.
