■ Introduction

A Professional camera always needs a professional support system for perfect shots and for that we launched Camtree Hunt Camera Cage for Blackmagic URSA Mini 4K/ Pro 4.6K (CH-BMUM-C). This performance package includes URSA Mini Extension Arm that comes with the exact rosette mount on the camera which can be adjusted to the preferred angle. The design of this arm has incorporated built-in LANC that provides full functionality of the URSA Mini grip as well as extendable arm length to better fit each configuration. The Hollowed-out design significantly cuts the weight down, still with all the mounting points you can attach your accessories securely and easily.
